ZEYNEP ŞEVVAL YILDIZ

SUMMARY

I am a 3rd year Computer Engineering student at Marmara University. I am a person who is always updates the knowledge I have gained during my education process in the light of technology, prone to teamwork and develops himself in line with his social life and goals.

CAREER GOAL

I gained theoretical and practical training during my education. I want to combine that infrastructure with professional practices in my business life, contribute to the corporate development of the company. I am evaluating internship and job applications at a company where I can reveal my talents.
